The system needs to be enhanced and enlarged for the entirety of Albanian territory (61 municipalities) as the country is heavily relying on development of tourism. Objective in the public order strategy. Main competent authority National Agency for Civil Protection.

What is the current legislative background and which parts of the relevant legislation was approximated?

Since 18.07.2019, the 112 service has been transferred and is regulated by the law on Civil Emergencies No. 45/2019 "For Civil Protection", article 47 "Unified number of emergency calls 112".

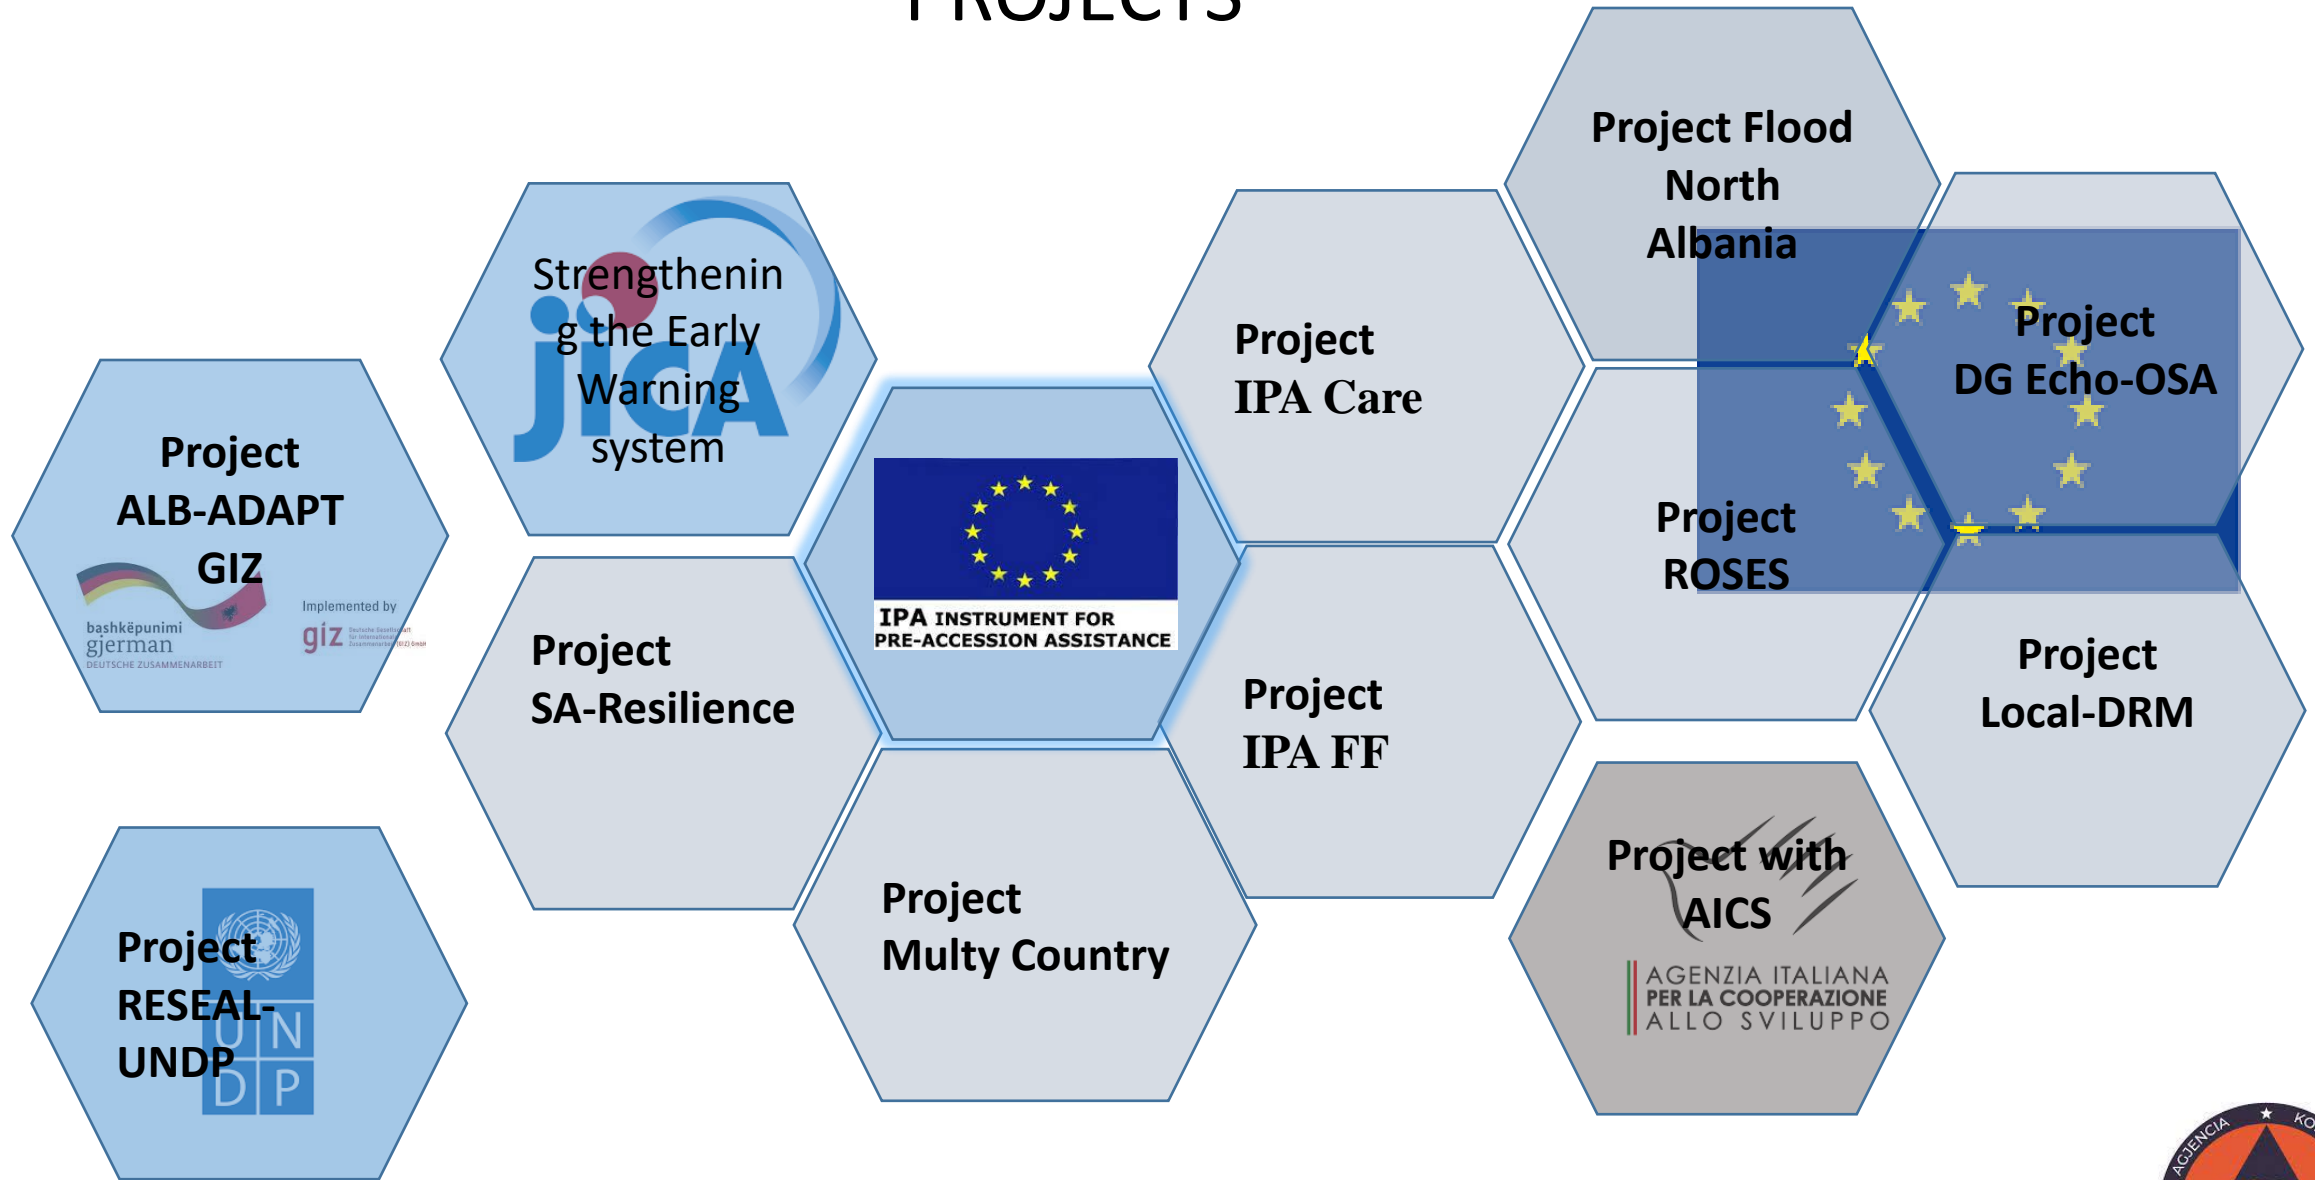

In support of this article of Law 45/2019, a draft decision has been drawn up and its approval by the Council of Ministers is expected.

The actual 112 service in Albania is operated and regulated under the State Police Standard Procedure No. 340/1 date 19.05.2016 "For receiving and managing calls of the emergency number 112"

These procedures aim to achieve the highest standards defined in the state police policy for the quick resolution of problems presented by the community as well as guaranteeing quality service to citizens and a dignified public image.
