Reasons for rejection

- 👎 Lack of relevant information as a clear scope, precise topics etc
- 👎 Target audience irrelevant: participants from private sector or not involved in the requested area
- 👎 **Topic does not concern EU *acquis*** or best practice (e.g. training on national legislation) → TAIEX cannot be used for training purposes!
- 👎 **Repeated events** (no added value) – no developments from last event
- 👎 **Overlap/duplication** with other EU assistance or other donors
- 👎 Use of wrong application form
